

GLOBALG.A.P. MEMBERSHIP 2021

Capespan Group

is an approved member of GLOBALG.A.P.

At GLOBALG.A.P. we believe every generation has a right to safe food. Together with our partners, we support farmers to connect them to markets where they can sell their safely and sustainably produced agricultural products by developing and implementing farm assurance systems that are based on facts and recognized across the supply chain.

Collaboration, Exchange, Dialogue – These are the guiding principles of GLOBALG.A.P. Membership, and the foundation of our approach to advancing the principles of good agricultural practices around the globe. We rely on you and our extensive worldwide network of members to support our goals to:

- Harmonize good agricultural practices all over the world.
- Create private sector incentives for agricultural producers to adopt safe and responsible farming practices.
- Connect producers and suppliers.
- Advance and improve GLOBALG.A.P. certification.
- Expand the GLOBALG.A.P. benchmarking framework.
- Promote awareness for safe food production and sustainable resource management.

At GLOBALG.A.P. we cultivate a culture of collaboration and innovation based on our core values. We are driven by shared values, celebrate diversity, champion excellence, keep our promises, and act in concert.

By becoming our partner as a GLOBALG.A.P. member, you commit to our shared mission to drive positive change by promoting safe, responsible, and transparent farming for a sustainable future.

Dr. Kristian Moeller
Chief Executive Officer
